this edition contains the following changes hundreds of new research citations representing the most exciting and important new discoveries in our field organizational changes based on changes in the field for example the heavily revised consciousness modules now follow the neuroscience modules and are titled consciousness and the two track mind to reflect the dual processing and cognitive neuroscience themes fine tuned writing with countless small and large improvements in the way concepts are presented supported by the input and creative ideas of hundreds of contributing instructors students and friends a sharp new art program that teaches more effectively continually improving coverage of cultural and gender diversity issues

a comprehensive and engaging introduction to psychology this is a textbook like no other always fresh always introducing new tools for teaching and learning and always attuned to how the field is shaped by new research the ninth edition is now more concise with 1200 new citations enhanced pedagogy and a revised chapter on consciousness

each chapter is a gem of insight into the human experience cut and polished to perfection by the renowned psychologist david myers better than any book i can recall this book answers questions about why we think feel and act as we do but also makes us curious to learn more angela duckworth a delightful tour of the wonders of our humanity from david g myers the award winning professor and author of psychology s bestselling textbook over the past three decades millions of students have learned about psychology from textbooks by david g myers to create these books and to satisfy his own endless curiosity about the human mind myers monitors the leading journals to discover the most extraordinary developments in psychological science how do we know ourselves is a compendium of the most wondrous verities that myers has found revealing thought provoking insights into our everyday lives his astute observations and sharp witted wisdom enable readers to think smarter and live happier myers s subjects range from why we so often fear the wrong things to how simply going for a walk with someone can increase rapport and empathy he reveals why we repeatedly mishear song lyrics and how the color of president obama s suits aided in his decision making myers also explores the powers and perils of our intuition explaining why anything can seem obvious once it happens these forty essays offer fresh insight into our sometimes bewildering but ever fascinating lives myers is engaging and intellectually provocative and he brings a wealth of knowledge from more than fifty years of teaching and writing about psychology to this lively and informative collection he inspires us to ponder timeless questions including what might be the most intriguing one of all how do we know ourselves

david myers new partnership with coauthor c nathan dewall matches two dedicated educators and scholars each passionate about teaching psychological science through writing and interactive media with this new edition of the 1 bestselling psychology myers and dewall take full advantage of what an integrated text media learning combination can do new features move students from reading the chapter to actively learning online how would you know puts students in the role of scientific researcher and includes tutorials on key research design principles assess your strengths self tests help students learn a little more about themselves and include tips about nurturing key strengths these and other innovations rest on the same foundations that have always distinguished a new david myers edition exhaustive updating hundreds of new citations captivating writing and the merging of rigorous science with a broad human perspective that engages both the mind and heart

how reliable is our intuition how much should we depend on gut level instinct rather than rational analysis when we play the stock

market choose a mate hire an employee or assess our own abilities in this engaging and accessible book david g myers shows us that while intuition can provide us with useful and often amazing insights it can also dangerously mislead us drawing on recent psychological research myers discusses the powers and perils of intuition when judges and jurors determine who is telling the truth mental health workers predict whether someone is at risk for suicide or crime coaches players and fans decide who has the hot hand or the hot bat personnel directors hire new employees psychics claim to be clairvoyant or to have premonitions and much more

the new edition of exploring psychology offers outstanding currency on the research practice and teaching of psychology myers and dewall inspire students with fascinating findings and applications effective new study tools and technologies and a compassionate and compelling storytelling voice their presentation is based on the same guiding principles behind the entire family of textbooks that have made david myers the world s bestselling introductory psychology author facilitate learning by teaching critical thinking and helping students at every step present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts make sure students come away with an appreciation of psychology s big ideas and with a deeper respect for humanity what drives us distinguishes us unifies us this exploring psychology is the first to include myers handpicked co author nathan dewall shares myers belief that instilling a sense of curiosity and inquiry about psychological science is an effective way to help students navigate the content think critically and prepare for a lifetime of learning and living the extraordinary longtime myers ancillary author team is also here a group whose teamwork consistency and commitment again sets the industry standard for instructor and student supplements

announcing a new myers dewall text created specifically for the fall 2019 ap course framework you are likely familiar with the name dr david g myers now he and his new co author nathan dewall bring you a book that will allow you to use college board s new personal progress checks and dashboard more effectively this updated edition includes 100 of the new course content in the new nine unit structure all teacher and student resources will also be updated to correlate to the new student edition this includes the te trfd tb strive and launchpad everything will publish in summer 2020 such that you can use this new program for fall 2020 classes if you re not familiar with myers dewall texts you are in for a treat drs myers and dewall share a passion for the teaching of psychological science through wit humor and the telling of poignant personal stories individually identified in the text by the use of each author s initials dm and nd through close collaboration these authors produce a unified voice that will teach illuminate and inspire your ap students

david myers briefest introduction to psychology speaks to all students regardless of their background or level of preparedness with no assumptions made in the vocabulary examples or presentation students of all kinds are comfortable with myers manageable

chapters which include careful connections to associated visuals comparative tables and research based pedagogy for this edition there is something completely new to a myers text david myers personally selected new coauthor nathan dewall s enthusiasm for teaching and writing about psychological science makes him uniquely suited to join the worlds bestselling psychology textbook author and with about 30 more pages of coverage this edition has become an even stronger and more complete introduction to the science of psychology for courses of all kinds what s in the launchpad

david myers new partnership with coauthor c nathan dewall matches two dedicated educators and scholars each passionate about teaching psychological science through writing and interactive media with this new edition of the 1 bestselling psychology myers and dewall take full advantage of what an integrated text media learning combination can do new features move students from reading the chapter to actively learning online how would you know puts students in the role of scientific researcher and includes tutorials on key research design principles assess your strengths self tests help students learn a little more about themselves and include tips about nurturing key strengths these and other innovations rest on the same foundations that have always distinguished a new david myers edition exhaustive updating hundreds of new citations captivating writing and the merging of rigorous science with a broad human perspective that engages both the mind and heart

the subject of christology has been a struggle for the church from the very beginning it has resulted in divisions crusades inquisitions persecutions and a wide range of creeds each group claims it possesses the truth a truth revealed to them a particular turn on belief they alone rightly proclaim in and jacob digged a well author pastor theodore m snider provides a commentary on religion where it s been where it s headed and how it fits in the modern world he seeks to answer this question why do we believe what we believe snider discusses how scientific and technological discoveries have changed not only our worldviews but also our godviews and how consciousness and brain research are altering the way we understand each other and how beliefs are formed he compiles a diverse amount of information on topics relevant to both secular and religious audiences including creationism evolution intelligent design and artificial intelligence through historical scientific cognitive and psychological avenues and jacob digged a well reminds us that natural may not be as clear as we once thought faith in the twenty first century needs to look quite different from the past century

exploring psychology seventh edition in modules is the modular version of the 1 bestselling brief introduction to psychology david myers exploring psychology all the myers hallmarks are there the captivating writing coverage based on the latest research helpful pedagogical support in a format that delivers the utmost in student accessibility and teaching flexibility

the hardcover spiralbound edition of myers s new modular version of psychology 6 e
